March 2024

For the Attention of the Headmaster, cc Careers advice officer.

Subject: The Cyprus Academy of Art student Scholarships for the Programme:
BA art, media and design in the fields of: Animation, Fine art, Graphics and Photography/film.

We are happy to announce that the Cyprus Academy of Art will be offering 3 scholarships for talented students who will graduate from Cyprus schools in the summer of 2024, based on their exceptional portfolio of work.

The scholarship program aims to recognize and support outstanding individuals who demonstrate exceptional artistic potential and commitment to the fields of Animation, Fine art, Graphics and Photography/film.

We firmly believe that financial barriers should not hinder the pursuit of artistic excellence, which is why we are delighted to offer this opportunity to potential students.

Selected students will be awarded each a scholarship between 20- 30% deduction from their tuition fees according to the quality and suitability of their portfolio work. This support will provide them with the financial assistance they need to further their artistic education and unlock their full potential.

To be considered for this scholarship, interested students are required to submit their portfolio of work to info@caa.ac.cy by the 30th of MAY 2024, showcasing their artistic skills and creativity. The portfolio should reflect their unique artistic style, technical proficiency, and dedication to their chosen pathway.

At Cyprus Academy of Art, we are committed to nurturing and empowering the next generation of artists. We look forward to reviewing your exceptional portfolios and welcoming aspiring artists to our vibrant artistic community. Best of luck to all applicants!
